Російсько-українська війна на сторінках іноземних газет (станом на 24 лютого – 04 березня 2022 р.) : аналітичний огляд / Київ. нац. ун-т імені Тараса Шевченка, Наук. б-ка ім. М. Максимовича, Інформ.-бібліогр. від. ; [упоряд. Г. В. Красільчук ; за заг. ред. І. І. Тіщенко ; наук. ред. д-р наук з соціальних комунікацій О. О. Сербін]. – Київ : [б. в.], 2022. – 38 с.

*Огляд охоплює електронні версії провідних газет США, Великої Британії, Іспанії та Аргентини.*

*Публікації можуть становити інтерес для фахівців та широкого кола читачів, оскільки дозволяють зробити висновки: по-перше, про серйозну занепокоєність світової громадськості підступними діями агресора, що володіє ядерною зброєю, по відношенню до суверенної України, по-друге, спроби оцінок фахівцями вкрай негативних наслідків цинічного пограння кремлем норм міжнародного права впродовж останніх десятиліть і, по-третьє, намагання спрогнозувати майбутні засади принципово нового світоустрою, необхідність формування дієвих механізмів запобіганню силових, агресивних дій авторитарних режимів на міжнародній арені.*

## ВІД УПОРЯДНИКА

«*The Washington Post*» (США), яка входить до когорти найстаріших газет у світі, вміщує новини (репортажі) здебільшого оперативного характеру про перебіг військових дій на теренах України, подає відповідні коментарі експертів стосовно неочікуваної спроможності ЗСУ протистояти переважаючим силам загарбника, описує зміни в реагуванні керівництва США та НАТО щодо змістовного наповнення військово-технічної допомоги нашій країні, вдається до обережних прогнозів стосовно ролі посередників (Ізраїль, Туреччина, Ватикан) задля досягнення конкретних результатів у переговорах між Україною та рф з метою, зокрема, якнайшвидшого припинення активної фази військових дій.

Схожий стиль подання інформації притаманний «*The New York Times*», найстарішому щоденному новинному виданню США, заснованому 18.09.1851. Разом з тим, газета публікує статті про втрату росією доступу до міжнародних ринків капіталу та до власних резервів, від'їзд з ринку рф приватних компаній чи заморожування інвестицій за ініціативи бізнесу, а не через санкції на державному рівні; ризики втрати значної частини валютних надходжень від продажу енергоресурсів через ембарго США та, – в ближчому майбутньому, – інших країн.

Переважно у такому ж ключі публікуються матеріали у «*Politico*» (відносно молода **медіа-організація** США в галузі політичної журналістики; функціонує з 2007 р.). Також розміщуються статті про воєнні злочини окупантів, вчинені на території нашої держави; очікувану глибоку кризу економіки рф через війну з Україною; ймовірне переростання російського повномасштабного вторгнення у третю світову війну, де не може бути переможців тощо.

Здебільшого збігаються за своїм змістом текстові, відео матеріали чи фото зображення, аудіо записи щодо відтворення ходу військових дій в Україні та їх наслідків для світу у таких виданнях як «*The Wall Street Journal*» (щоденна газета, одне з найбільших і найвпливовіших видань США), «*Financial Times*» (Велика Британія; щоденна газета міжнародних фінансових кіл) і «*The Economist*» (Велика Британія; впливовий щотижневий журнал глобальної орієнтації). Їх об'єднує акцент на переважно економічній тематиці, а саме на таких виявах жорсткого воєнного зіткнення як девальвація російського рубля та української гривні, обмеження на ключові послуги у банках, стрімке зростання цін і рівнів безробіття, порушення зовнішньоторговельних відносин обох країн, певних логістичних ланцюжків, «просідання» у ціні російських активів та ін.

Публікації у щоденних газетах «*La Razón*» (Іспанія) та «*Clarín*» (Аргентина) також заслуговують уваги читачів.
